

Central Intelligence Agency
Office of the Deputy Director for Intelligence

NOTE TO: Director of Central Intelligence

Bill

Attached is the memo you asked John Helgerson for concerning what the DI is doing in the way of operationally-oriented analysis on the counterterrorism issue. In general, I think the program is moving in the right direction and focusing on the right kinds of questions, although more needs to be done. I think colocation will help, and I am generally sympathetic to an even closer integration of the DI/DO effort. Whether such a move yields the results we want will depend largely on the quality of the leadership we put in charge, if we go that route.
